

DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 4-6, and 8-10 are allowed.
2. The following is an examiner's statement of reasons for allowance: the examiner agrees with the applicant regarding the allowability of the newly amended claims.
3. The claims are drawn to a master-slave home operation system, such that a reset appliance is restored to its current state. The master stores backups of this current state and periodically checks for a reset occurrence, rather than waiting for a request for the backup. The combination is novel and non-obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
